

other countries. If we want good jobs and good wages, we need to make and grow more things in America and sell them overseas. What is happening is, every single day we do nothing to open these markets up, we lose, and the rest of the world gets those jobs.

The last point is a point that I think people don't appreciate as well. We are in the dawn of the 21st century with enormous issues: cyber threats, intellectual property, you name it. The rule book on how the global economy works is being written right now. The only way for us to be in the game to write that rule book is through trade agreements: get other countries to agree to our rules, get other countries to agree to our standards, open their markets to our products. That is how we write the rules for the global economy. That is how America leads.

A "no" vote is to say America can't even try. A "yes" vote is to say more transparency, more accountability. Then Congress decides, and we are giving America a chance to stay in the leading position in the world. That is why I argue for a "yes," "yes," "yes" vote.

I want to thank everyone on the staff of the Ways and Means Trade Subcommittee.

Our staff director, Angela Ellard, Geoff Antell, Stephen Claeys, Nasim, Neena Shenai, Casey Higgins, Paul Guaglianone.

Mr. Speaker, I yield back the balance of my time.

Mr. GENE GREEN of Texas. Mr. Speaker, I rise in strong opposition to fast track authority and the Trade Act of 2015. Passage of this legislation today will undermine Congress's constitutional authority to regulate trade and, I fear, accelerate the de-industrialization of our great country.

The Constitution is very clear that it is Congress, and Congress alone, that has the power to "regulate commerce with foreign nations." Passage of fast track, which grants the Executive Branch authority over how and when legislation must be considered by Congress, undermines our chamber's very ability to effectively regulate foreign commerce.

I share the concerns of many Members and middle class families in Texas and around the country about the Trans-Pacific Partnership—TPP—this mega-trade deal we are negotiating with Japan, Vietnam, and other countries.

To this date, Congress has been left in the dark as to what's in TPP, let alone made public to the American people. We are told that TPP will help American businesses export billions of dollars of manufactured and services each year and has labor and environmental protections that all countries will have to abide by. But we simply don't know because we haven't seen the text.

What I do know is that these so-called free trade deals have displaced millions of middle class jobs to developing countries over the past 20 years.

Our district in Houston and Harris County, Texas saw first-hand the consequences of free trade when five plants moved to Mexico in the years immediately after we joined NAFTA.

If TPP benefits the American people as much its supporters say, it doesn't need fast track. It can—and should—be considered

under regular order and give Congress and the American people the time to debate the merits of this trade agreement, the largest our country has ever negotiated.

Mr. Speaker, I call on Members from both sides of the aisle to stand with America's working families and small businesses and to vote no on fast track.

The SPEAKER pro tempore. All time for debate has expired.

Pursuant to clause 1(c) of rule XIX, further consideration of the motion to concur with an amendment is postponed.

#### ENSURING TAX EXEMPT ORGANIZATIONS THE RIGHT TO APPEAL ACT

The SPEAKER pro tempore. Pursuant to clause 1(c) of rule XIX, further consideration of the motion to concur in the Senate amendment to the bill (H.R. 1314) to amend the Internal Revenue Code of 1986 to provide for a right to an administrative appeal relating to adverse determinations of tax-exempt status of certain organizations will now resume.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Pursuant to House Resolution 305, the previous question is ordered.

The question of adoption of the motion is divided. The first portion of the divided question is on concurring in section 212 of the Senate amendment.

Pursuant to House Resolution 305, the first portion of the divided question is adopted.

Pursuant to House Resolution 305, the second portion of the divided question is: Will the House concur in the matter comprising the remainder of title II of the Senate amendment?

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

#### RECORDED VOTE

Mr. LEVIN. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 9 of rule XX, this 15-minute vote on the second portion of the divided question will be followed by a 5-minute vote on the remaining portion of the divided question, if ordered.
